

Eliza Graves

Talent Resume

I grew up in the Midwest and started dancing even before I remember. The stage is my happy place where I feel I truly come alive. I competed heavily in ballet, tap, jazz, poms and hip-hop while growing up through high school. After college, I cheered professionally in the NFL for both the St. Louis Rams and Kansas City Chiefs. In addition to games, appearances and events both teams allowed me to be part of a variety show for the troops where we sang, danced and acted.

Now in my spare time as a mother of two, I look forward to the days I incorporate my fitness routine of weights and cardio. I love to be outdoors hiking, biking, walking - anything to be outside.
