### **Dance Resume**

My name is Giuliana Siraguso, I am eleven years old and have been dancing since I was three. I train at Priscilla and Dana's school of Dance in Kansas City, Missouri. I have studied gymnastics, ballet, lyrical, modern, contemporary, tap, jazz and hip hop from choreographers all over the country. Despite the fact that I have hearing loss, I have the ability and will to handle and execute difficult choreography. I strive to achieve excellence in all areas of dance including solo and group style dances. I see myself as very energetic, enthusiastic and coachable. I like to use my dance ability to express myself through movement and would love to use dance as a platform to help other deaf and hard of hearing children be inspired to accomplish their dreams. I love to read and write and make new friends everyday. I have an older brother and a younger sister and two cats that I love to spend time with. Last year I was given an amazing experience, I was a guest of Nyle DiMarco on the set of "Dancing With The Stars" I was able to communicate with him about our love for dancing and our vision to help others. I hope that 2018 is my best year yet.
